Hi all,

I'm reaching out about lead in the water in University Park, Ill. I have your agency's statement from earlier in the week but wanted to follow up and ask to speak with your water regulators directly.

We have lots of questions about how this happened, what if any regulatory oversight there was as the utility in question changed its water treatment and water source in recent years, and what the agency may do moving forward.

If you could please let me know ASAP if this is possible, I'd greatly appreciate it.

Thank you!

-Jesse
